Goodbye, loyal little donkey?

Day after day, this little donkey trudged miles along busy, dangerous roads so his owner could feed his family. Over-loaded and choked by fumes, it was only a matter of time before he stumbled and fell into the path of a truck. Without the Brooke, horses and donkeys overseas like this one, would be left to die by the roadside. Now we desperately need your support for the cost of our mobile veterinary clinics – bringing urgent assistance to suffering animals and helping them on the road to recovery.

£25 could pay for emergency roadside treatments for 50 animals

Your gift to the Brooke will be spent treating working horses and donkeys, where the need is greatest.
